Stevens and picked up a lighted lamp that was on the table and deliberately threw it into the back room setting fire to the building. Prompt action in extinguishing the flames saved the building.

Dave Barrett an old citizen of Yale, died suddenly of apoplexy at the home of his brother George in Sanilac County on Monday morning. He leaves a family but has been separated from them for years.

Cash! The home of the almighty dollar. Yes, cash, first, last and all the time. Credit, the rich man's enemy, the poor man's destruction, and the country's curse. Give me a cash trade all the time. It is more satisfactory in every particular. Sell for less profit and sell for cash. One never makes an enemy on a cash deal. Treat your customers right and you have his trade whenever he wants to buy for cash.

A Bad Collision at Port Huron.

As a result of gross carelessness upon somebody's part, another serious accident occurred at the tunnel station in Port Huron Tuesday evening. The Almont train, of the F. & P. M. railway, with baggage car and six coaches, all heavily laden with excursionists, was run into by train No. 609, of the same railway. The four rear cars of the Almont train, were overturned and the engine of train No. 609 was derailed.

The scene which ensued was very distressing, and in the rush for egress from the overturned cars, many passengers were trampled upon. The list of wounded is quite large, and under the circumstances, it seems almost miraculous that no one was killed. The responsibility for this distressing accident has not, as yet, been fully determined, but blame seems to attach to the crew of the Saginaw train, as they should have been on the lookout for the Almont train, as the latter had the right of way. Both trains were running very slow at the time of the accident, which probably accounts for the fact that the list of injured is not larger.

Thanking you for past favors and hoping for future ones, we remain,

Respectfully Yours,
